25 November 2025

Dear Arthur,

### **London St. Pancras Highspeed Network Statement 2027**

I am writing to conclude ORR's review of your latest network statement, as required of us under *The Railways (Access, Management and Licensing of Railway Undertakings) Regulations 2016* ("the 2016 Regulations").

We responded to your draft changes to Annex 3 earlier this year, and the provisional version of the rest of the document in July. In relation to the latter response, we thank you for making our suggested amendments in your published *Network Statement 2027*, dated October 2025. Thank you also for indicating that you are continuing to work with Eurostar International Limited, and Southeastern Trains Limited on their service facility descriptions for Temple Mills International and Ashford depots respectively. This ensures you are meeting your obligation under Regulation 13(3) of the 2016 Regulations to facilitate the collection of information on service facilities.

In line with our commitment to transparency, we will place a copy of this letter on our website at: <https://www.orr.gov.uk/guidance-compliance/rail/network-statements>.

Yours sincerely

**Debbie Daniels**
