

Complaint about childcare provision

Ref: 2716350/5831829

Date: 7 October 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 18 September 2024, the provider notified us about information relating to Safeguarding policies and procedures. We also received a concern about the same matter on 18 September 2024. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 19 and 24 September 2024, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. This included reviewing and strengthening risk assessments to ensure children are safe at pick up and collection times.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
