

Complaint about childcare provision

Ref: 131663/6318201

Date: 26 June 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 30 March 2026, we received concerns that the provider was not meeting requirements relating to information and record keeping.

On 28 May 2026, we carried out a regulatory telephone call. We found the provider was not meeting one of the requirements and had taken action to put this right. The provider has strengthened the procedures to ensure they explicitly give information about how the early years foundation stage is being delivered in the setting. Furthermore, the provider will continue to seek permission from parents about all trips that children take part in. This will further support children's interests and wellbeing.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
