

Compliance action taken for childcare provision

Ref: EY281531/5742544

Date: 20 June 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 28 May 2024 , we received concerns that the provider was not meeting some of these requirements.

On 20 June 2024 we carried out a regulatory telephone call. We found that the provider had failed to notify Ofsted of a significant event relating to the management structure of the nursery which is a requirement of their registration. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by 4 July 2024:

- ensure risk assessments on large outdoor play equipment are implemented and followed to keep children safe.

On , 21 June 2024 the provider responded to the action set. We found that the provider had improved their knowledge and understanding of risk assessments in the outdoor area and fully understand their responsibilities to keep children safe.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
