

Compliance action taken for childcare provision

Ref: EY281531/5990100

Date: 7 May 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 21 March 2025, the provider notified us about the safeguarding policies and procedures. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 07 May 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. They have provided all staff with further training and improved their knowledge of the importance of promptly implementing the setting's safeguarding policies and procedures in practice. However, we also found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this. Actions needed by 05 June 2025:

- ensure all staff have a clear knowledge and understanding of the local authority allegation management procedures.

On 23 May 2025, the provider responded to the action set. We found that all staff have been provided with relevant support, coaching and training to improve their knowledge and understanding of the local authorities allegation management procedures. We are satisfied the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
