

## **Compliance action taken for childcare provision**

Ref: 2882138/6265422

Date: 23 January 2026

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 November 2025, the provider notified us about matters relating to safeguarding policies and procedures, whistleblowing, concerns about children's safety and welfare and safeguarding training.

On 4 December 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 30 January 2026:

- ensure safeguarding policies and procedures are in line with the statutory requirements of the EYFS and the local safeguarding partnership procedures
- ensure that those who are designated to take the lead in safeguarding, have a secure knowledge and understanding of the procedures to follow when an allegation is made against a member of staff, including the procedures for reporting allegations to the local authority designated officer and Ofsted
- ensure that staff, including those with lead responsibility, receive appropriate safeguarding training to enable them to know and understand what to do when an allegation is made against a member of staff.

On 30 January 2026, the provider responded to the actions set. We found that all leaders and staff have completed safeguarding training. The provider had improved their knowledge

and understanding of safeguarding procedures, including what to do if there is an allegation made against a member of staff. They have updated safeguarding policies and procedures, ensuring they are in line with the requirements of the EYFS and the local safeguarding partnership procedures. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
