

Compliance action taken for childcare provision

Ref: EY304521/5178555

Date: 26 July 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 30 May 2022, we received concerns that the provider was not meeting some of these requirements. On 8 June 2022, the provider notified us of a significant incident where a child was left unattended for a short period of time.

On 26 July 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. We found that the provider has increased signage for parents regarding drop off and collection times and raised door handles. Staffing has increased at busy times of the day.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
