

Compliance action taken for childcare provision

Ref: EY372246/6275842

Date: 6 May 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 19 January 2026, the provider notified us about events relating to supporting and understanding children's behaviour and safeguarding policies and procedures. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events. In addition, on 22 April 2026, we received concerns that the provider was not meeting requirements relating to supporting and understanding children's behaviour and safety and suitability of premises, environment and equipment.

On 28 April 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. Staff have received additional training to ensure they understand and meet all policies and procedures to keep children safe. In addition, we found the provider was not meeting some of the other requirements. We have issued actions for the provider to take. This requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 12 May 2026:

- ensure children are always within sight and hearing when eating
- ensure that staff understand how to support children to understand the expectations of the setting to limit disruptions to learning

On 12 May 2026, the provider responded to the actions set. We found that the provider has reviewed mealtime routines to ensure that children are effectively supervised. In addition, the provider has ensured all staff implement and support children to understand the expectations of the setting. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
