

Compliance action taken for childcare provision

Ref: EY424426/6267115

Date: 28 January 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 7 January 2026, the provider notified us about matters relating to safeguarding, suitable people, sleeping and food and drink. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 20 and 21 January 2026, we received concerns that the provider was not meeting requirements relating to safeguarding, suitable people, supervision of staff, special educational needs, food and drink, the safety and suitability of premises, environment and equipment, and risk assessments.

On 28 January 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 11 February 2026:

- ensure the premises are fit for purpose and suitable for the age of children cared for, including complying with hygiene requirements
- ensure all reasonable steps are taken to ensure staff and children in their care are not exposed to risks, particularly in the outdoor environment
- provide staff with appropriate training opportunities and resources to enable them to plan and provide quality learning and development experiences for children, in particular with regard to their learning

We will monitor the provider's response to ensure the actions are successfully completed. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
