

Compliance action taken for childcare provision

Ref: EY486946/6311441

Date: 11 May 2026

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at <http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2>. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 24 February 2026, the provider notified us about matters relating to safeguarding policies and procedures, supervision of staff, key person, staff: child ratios, safety and suitability of premises, environment and equipment. The notification means that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of a significant event regarding the safe supervision of children.

On 6 May 2026, we carried out a regulatory telephone call. We found that the provider was not meeting some of the requirements and had taken action to put this right. The provider had taken action to reinforce staff understanding of safeguarding responsibilities in relation to the safe supervision of children. Staff have also been reminded of the procedures for the transfer of responsibilities for children between staff to ensure children are always within sight or hearing and supervised effectively. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
