

Compliance action taken for childcare provision

Ref: 402923/5885398

Date: 17 December 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 21 November 2024, the provider notified us about matters relating to health, safety and suitability of premises, environment, and equipment. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider.

On 9 December 2024, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has completed a full review of play resources and equipment. This enables children to confidently make safe choices about play resources available to them. Staff are provided with opportunities to discuss and reflect on how to meet the needs of children's natural curiosity by providing interesting and safe play equipment. These discussions have increased staff's understanding of their roles and responsibilities to safely meet children's individual learning needs.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
