

Compliance action taken for childcare provision

Ref: EY428303/6055175

Date: 21 August 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 29 May, 6 June and 30 June 2025, the provider notified us about matters relating to concerns about safeguarding practice, children's safety and welfare, risk assessment and staff;child ratios The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 3 July 2025 we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 24 July 2025:

- ensure that leaders have robust oversight of the setting, so that it is managed effectively and staff are appropriately supported
- implement an effective key-person system to ensure children are provided with care tailored to meet their individual needs
- ensure that risk assessments identify and address potential hazards to minimise the risk of harm to children.

On 23 July 2025, the provider responded to the actions set. We found that the provider had

reviewed and improved their risk assessment procedures, ensuring that leaders have effective oversight of the setting to ensure children are kept safe from harm. Furthermore, the provider has reviewed the key-person approach to ensure all children's individual needs are met.

We are satisfied the provider has met the safeguarding and welfare actions raised.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
