

## **Compliance action taken for childcare provision**

Ref: EY292282/6350505

Date: 15 June 2026

### **Summary of outcome**

On 1 May and 13 May 2026, the provider notified us about matters relating to safeguarding and welfare. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of concerns about children's safety and welfare.

On 12 June 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. All staff have received training regarding safeguarding and safe handling of children.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
