

Compliance action taken for childcare provision

Ref: EY284309/5914297

Date: 3 January 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 20 December 2024, the provider notified us about requirements relating to health. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted.

On 2 January 2025, we carried out a regulatory visit. We found the provider was not meeting one of the requirements and had taken action to put this right. The provider had strengthened their systems for the safe administration of medication.

Additionally, during the regulatory visit on 2 January 2025, we found a new area of concern. This means that the provider was not meeting other requirements as set out in the Statutory framework for the early years foundation stage. In relation to the new areas of concern, we issued actions for the provider to take.

Actions needed by 16 January 2025:

¿ ensure that the complaints procedures are effective in enabling leaders to make complaints available to Ofsted upon request.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
