

Compliance action taken for childcare provision

Ref: EY390819/6302293

Date: 18 May 2026

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 10 February 2026, 20 March 2026 and 16 and 28 April 2026, the provider notified us about matters relating to safeguarding policies and procedures, concerns about children's welfare and wellbeing, qualifications, training, support and skills, supporting and understanding children's behaviour and safety and suitability of premises, environment and equipment. These notifications mean that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of significant events.

On 12 May 2026, we received concerns that the provider was not meeting requirements relating to information for parents and carers.

On 14 May 2026, we carried out a regulatory visit. We found that the provider was not meeting some of the requirements and had taken action to put this right. The provider has reviewed their collection procedure to ensure that all children are collected from their base room. Additionally, staff have received refresher training to ensure that children are supervised at all times and always in sight. This helps them understand their role and responsibility to keep children safe. Furthermore, the provider now ensures that all parents receive information about their children's care and development through a range of communication systems.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
