

## **Compliance action taken for childcare provision**

Ref: EY317547/6212046

Date: 30 January 2026

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 14 November 2025, the provider notified us about matters relating to whistleblowing and concerns about children's safety and welfare. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 17 November 2025, 3 December 2025 and 30 January 2026 we carried out regulatory telephone calls. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this. Actions needed by 13 February 2026:

- ensure all staff have a secure understanding of setting safeguarding policy and procedures, including whistleblowing
- ensure all staff have a sound understanding of who to report safeguarding concerns to, both within the setting and externally
- ensure all staff manage children's behaviour appropriately and follow setting procedures when handling children
- ensure management are fully aware of the requirement to inform regarding relevant

events, including changes of arrangements in setting management

On 2 February 2026, the provider responded to the actions set. We found that the provider had improved their knowledge and understanding of child protection procedures. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
