

Compliance action taken for childcare provision

Ref: EY338530/6198624

Date: 28 November 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 31 October 2025, the provider notified us about matters relating to safer eating and medicines. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant incidents.

On 25 November 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 9 December 2025:

- ensure allergy action plans are in place and shared with all staff
- ensure that all required documentation is easily accessible and available.

On 10 December 2025, we carried out a monitoring visit and found the provider had responded to the actions set. The provider had improved their systems for the recording of allergies to ensure all children had action plans. All required documentation is now easily accessible and available.

We are satisfied the provider has met the safeguarding and welfare actions raised.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
