

Compliance action taken for childcare provision

Ref: EY558651/6080079

Date: 7 August 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 26 June 2025, we received concerns that the provider was not meeting requirements relating to suitable people and safeguarding training.

On 28 July 2025, we carried out a regulatory visit. We found that the provider was meeting the requirements for safeguarding training. However, we found the provider was not meeting some of the requirements in regard to suitable people. We have issued an action for the provider to take.

Action needed by 25 August 2025

- improve understanding of safer recruitment processes to ensure suitability of staff, in particular the processes required for those who have lived and worked abroad.

On 14 August 2025, the provider responded to the action set. We found that the provider had improved their knowledge and understanding of safer recruitment processes. There is now a robust system in place to ensure suitability of staff. The provider will be able to give parents further information about this. We are satisfied that the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
