ABOUT THE INSPECTION

The purpose of this inspection is to assure government, parents and the public of the quality and standard of day care. When making judgements, inspectors have regard to how well the provider meets the National Standards for under Eights Day Care and Childminding. A list of these is attached. The report identifies strengths and areas for improvement.

This inspection report must be made available to all parents.

Information about the setting

Garforth Kids Club Out of School Group opened in 1999. It operates from St Benedict's Parish Centre. The club uses the main hall, quiet room and toilets. The club serves children from four local schools.

There are currently 67 children from 4 years to 11 years on roll. Children attend for a variety of sessions.

The club opens five days a week term time only. Sessions are from 8:00am to 9:00am and from 15:15pm to 18:00pm.

Five members of staff work with the children. Two hold a childcare qualification and two have done some play work training.

How good is the Day Care?

Garforth Kids Club at St. Benedict's provides good quality care.

Clear, concise policies and procedures are fully implemented by staff. They give clear guidance to the club's whole operational plan.

Staff work well together as a team to ensure the children are safe and well cared for. All staff are experienced in working with children and two hold a childcare qualification. Four members of staff hold a valid first aid certificate. The club provides a lively and enjoyable atmosphere which is organised to cater for children's individual needs. A varied selection of activities are organised by staff but many activities are child led. There is a wide range of play materials and equipment that are age appropriate, however one minor weakness was identified. The premises are safe and secure. Health, safety and hygiene is promoted by staff.

Children have clear boundaries and positive behaviour is encouraged by staff. The club has good relationships with parents and they are kept informed of their child's care on a regular basis.

What has improved since the last inspection?

At last inspection actions were raised relating to procedures and documentation. These have now been addressed ensuring that parents are fully aware of

procedures, that all relevant documentation is available for inspection and all risks to children's safety are minimised.

What is being done well?

- Effective policies and procedures are in place that cover all aspects of the children's care and ensure that the club runs efficiently. Staff are experienced, they know the children well and have a caring approach. They are committed to providing a safe and stimulating atmosphere both inside and outdoors where children feel secure and are free from harm. Appropriate staff ratios ensure children receive the attention they require.
- The club is well organised. It is resourced with interesting activities and equipment which are easily accessible to the children. This encourages self selection. Weekly activity plans are done by staff with a high emphasis on fun. The club is very popular with the children. They are happy, confident and enjoy attending. Good relationships have been developed with their peers and staff. They gain new experiences within the club and are encouraged to use what they know and learn more in a relaxed environment.
- Staff are positive role models. Children receive ongoing praise and encouragement. They relate well to each other and understand the consequences of unacceptable behaviour on others. They help each other, share and take turns.
- Parents have friendly and trusting relationships with the staff. They find the service they provide invaluable. They are kept informed of their child's day in the club and at school on a daily basis.
