

Compliance action taken for childcare provision

Ref: EY551206/5940617

Date: 6 February 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 24 January 2025, the provider notified us about an incident in relation to health and safeguarding policies and procedures. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant events.

On 3 February 2025, we carried out a regulatory visit. We found that there had been a breach to the requirements and the provider had taken action to put this right. Leaders are continuing to further review and strengthen the procedures for mealtimes. This includes ensuring that information about children's allergies is even more visible and accessible to staff. Leaders plan to designate a staff member to take responsibility at snack and mealtimes, to ensure the ongoing oversight of allergy management. They are holding further meetings with staff, to refresh their knowledge of the procedures for meal and snack times. Leaders are continuing to complete checks and observations of staff practice, to ensure that staff continue to follow the policies and procedures for snack and mealtimes.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
