

Compliance action taken for childcare provision

Ref: 2693724/5829915

Date: 26 September 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 16 September 2024, the provider notified us about an incident relating to Health (including medicines, food and drink, food and drink facilities and food poisoning). The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event that may affect the suitability of the early years provider or any person who cares for children on the premises to look after children. On 26 September 2024, we carried out a regulatory telephone call. We found the provider was not meeting one of the requirements and had taken action to put this right. This included creating and displaying a staff member allergy list and displaying more signage to remind staff, visitors and parents that they are a nut-free setting. The provider also has plans in place to ensure that the policy relating to allergies is re-visited more regularly with staff and the effective implementation of it will be monitored on a regular basis to ensure that the safety and welfare of children and staff continues to be promoted. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
