

Compliance action taken for childcare provision

Ref: EY370434/5886280

Date: 26 November 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 21 November 2024, the provider notified us about an accident/incident that happened in September 2023. This relates to the following legal requirements: accident or injury and changes that must be notified.

On 26 November 2024, we carried out a regulatory telephone call. We found the provider had not met one of the requirements at the time but has taken appropriate action to put this right. The provider has completed a thorough investigation into the incident and amended risk assessments and policies to prevent a similar incident happening again. The provider has also improved lines of communication to ensure that significant incidents are notified to Ofsted in a timely manner. Ofsted are satisfied with the action taken. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
