

Compliance action taken for childcare provision

Ref: 305965/6153973

Date: 13 November 2025

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 11 November 2025, the provider notified us about a concern linked to toilet and intimate care (safety and suitability of premises, environment and equipment). This notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 13 November 2025, we carried out a regulatory visit. We found that the provider was not meeting some of the requirements and had taken action to put this right. They have ensured that all staff are fully familiar with the settings policies and procedures regarding carrying out children's intimate care routines and how this is recorded. During the visit we also identified a further breach in relation to maintaining an accurate record of children's attendance and have issued action for the provider to take. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Action needed by 20 November 2025:

- ensure that an accurate record of children's hours of attendance is consistently maintained.

We are satisfied with the action taken by the provider. The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
