

Compliance action taken for childcare provision

Ref: EY499365/5995101

Date: 16 June 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 26 March 2025, the provider notified us about matters relating to safeguarding policies and procedures, staff:child ratios, risk assessment and information and record keeping. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 9 June 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has improved internal systems to ensure every child's attendance is recorded. Additional registers are now used alongside the electronic system to record any unexpected attendance. This means staff have a precise knowledge of the number of children they are caring for. The provider has also provided staff training to ensure additional safety checks are completed in relation to outdoor play. This helps to ensure that children remain with sight or hearing of staff at all times.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
