

Compliance action taken for childcare provision

Ref: EY345720/5950773

Date: 25 February 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at <http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2>. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 4 February 2025, the provider notified us about Safety and suitability of premises, environment and equipment after a child had fallen down some stairs. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 19 February 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. A full review of the risk assessment for children using the stairs has been completed and new procedures have been introduced. This ensures that children are adequately supported when using the stairs. Additionally, during the call on 19 February, we found a new area of concern. We found the provider had failed to notify Ofsted about new directors.

The provider will be able to give parents further information about this.

On 25 March 2025, Ofsted received the application for suitability checks for all new directors. We are satisfied the provider has met the safeguarding and welfare requirements. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
