

Compliance action taken for childcare provision

Ref: EY472451/6204530

Date: 5 December 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 6 November 2025, the provider notified us about matters relating to safeguarding policies and procedures, training and skills, supervision of staff, staff: child ratios, safety and suitability of premises, environment and equipment. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 3 December 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We served a welfare requirements notice. This is a legal notice that requires the provider to take the action below within the timescales set out.

The provider will be able to give parents further information about this.

Action needed by 9 January 2026:

- put appropriate arrangements in place for the supervision of staff.

On 27 January 2026, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare action, raised at their regulatory telephone call. The provider has implemented procedures to ensure that staff know and understand the policies and procedures, particularly those relating to moving children around the building. They recognise that staff learn differently and have adapted their training and supervision procedures accordingly. Leaders have created specific video training packages to further support how staff learn about new policies and procedures. This helps to ensure that staff have a secure understanding of how to keep children safe. We are satisfied the provider has met the safeguarding and welfare action raised.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services

we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
