

Compliance action taken for childcare provision

Ref: EY435169/6337313

Date: 16 April 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 19 March 2026, we received concerns that the provider was not meeting requirements relating to safeguarding policies and procedures, health, and information and record keeping. On 26 March 2026, the provider notified us about matters relating to the same requirements.

On 14 April 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider had taken steps to improve policies and procedures relating to obtaining information about children's medical needs, storing medication, obtaining written consent for medication, and ensuring staff fully understand those policies. The provider had also taken steps to ensure that risk assessments are made in a timely manner to ensure any children's medical needs are understood by all staff. This ensures that staff know how to respond to any medical emergencies or other medical issues that arise.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
