

## **Compliance action taken for childcare provision**

Ref: 2743557/6028594

Date: 27 August 2025

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 20 June 2025, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 29 July 2025, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions raised at their last inspection. We found that the staff deployment arrangements now meet requirements and keep children safe. The provider has given staff training to help them manage risks effectively in the environment. The safety of the premises has improved and equipment for play is risk assessed. Children's good health is now promoted through effective hygiene procedures such as easy to identify water bottles and hygiene reminder signs in all rooms. All staff have received support to help them understand and manage children's behaviour in an appropriate way. This helps children to develop emotional regulation skills. Staff are now provided with effective induction and professional development opportunities to help them understand their responsibility for keeping children safe and supporting good development.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
