

Compliance action taken for childcare provision

Ref: 402935/6370594

Date: 18 May 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 22 April 2026, we received concerns that the provider was not meeting requirements relating to safeguarding policies and procedures and safeguarding training.

On 15 May 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has improved the processes for identifying and reporting safeguarding concerns. They are now aware of the correct child protection procedures to follow. Leaders have provided additional training to staff who are designated to take lead responsibility for safeguarding children. This helps staff to make timely and accurate referrals to protect children's safety and welfare.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
