

Complaint about childcare provision

Ref: EY290526/6131080

Date: 26 September 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundationstage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 8 August 2025, we received concerns that the provider was not meeting requirements relating to safety and suitability of premises, environment and equipment and information and record keeping.

On 19 August 2025, the provider notified us about matters relating to these same requirements. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider to look after children.

On 26 September 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. They carried out safeguarding training with staff and revisited the procedures for the collection of children.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
