

Compliance action taken for childcare provision

Ref: 2655166/5968796

Date: 2 April 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 25 February 2025, the provider notified us about Safety and suitability of premises, environment and equipment. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 2 April 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. They had replaced unsafe fencing and put in place risk assessments, and control measures, to reduce risks to children in the outdoor area. They also provided staff with training to ensure they understand, and follow, their policies and procedures to keep children safe. The provider also reflected on their staff deployment procedures and have changed these to ensure all children are in sight and/or hearing of staff. The provider has also improved their knowledge and understanding of information that must be shared with statutory services, to help keep children safe.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
