

Compliance action taken for childcare provision

Ref: EY466476/6038188

Date: 18 June 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 9 May 2025, we received concerns that the provider was not meeting requirements relating to staff child ratios.

On 17 June 2025 we carried out a regulatory visit. We found the provider was not meeting requirements at food preparation times and had taken action to put this right. This includes recruitment of additional staff to cover times staff may be absent from the childcare rooms. This ensures children are appropriately supervised at all times.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
