

## **Compliance action taken for childcare provision**

Ref: EY281723/5852145

Date: 5 November 2024

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](https://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 14 October 2024, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 05 November 2024, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions, raised at their last inspection.

We found that the provider had improved their staff's knowledge and understanding of child protection procedures and had provided appropriate safeguarding training. Leaders, managers and staff have been provided with effective supervision to help them drive improvements forward. In addition, the provider has improved the arrangements to support children with special educational needs and/or disabilities. The information gathered suggests that the provider is now meeting the requirements of their registration.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.
