

Compliance action taken for childcare provision

Ref: 2834064/6193448

Date: 23 December 2025

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 27 October 2025 the provider notified us that a safeguarding incident had occurred due to incorrect or missing personal information about children. The notification means that the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of significant incident that could affect the suitability of the provider.

We spoke to staff at the setting and liaised with the relevant safeguarding authorities. We found that the missing information had meant that the provision had not recognised a potential risks to children. That said, we also found that when the information came to light, this was quickly followed up with the relevant agencies. The provision re-examined their approach to the information requested from families and what is stored. Safeguarding procedures across the company and at the setting were also strengthened.

We were satisfied with the action that the provider had taken and their ongoing focus on strengthened safeguarding processes. The provider remains registered.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
