

Compliance action taken for childcare provision

Ref: EY557361/6271086

Date: 26 March 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 24 December 2025, the provider notified us about matters relating to suitable people.

On 23 January 2026, the provider notified us of matters relating to the safety and suitability of the premises, environment, and equipment.

On 02 February 2026, the provider notified us of concerns regarding children's safety and welfare. The notifications mean that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 06 March 2026, we received concerns about the same matters.

On 12 March 2026, we carried out a regulatory visit. We found the provider was not meeting one of the requirements and had taken steps to put this right. Following an incident, the provider improved the nursery's headcount procedures and implemented systems to ensure that staff always keep children within sight and/or hearing. This helps to maintain children's safety, especially when moving around the nursery.

On 18 March 2026, the provider notified us of matters relating to the safety and suitability of the premises, environment, and equipment.

On 19 March 2026, we carried out a regulatory telephone call. We found the provider was not meeting one of the requirements and had taken action to put this right. The provider had reviewed their sleep time arrangements, in line with safe sleeping guidance, particularly for younger children. This helps to ensure children's safety.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
