

Compliance action taken for childcare provision

Ref: EY477249/6071461

Date: 11 August 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2.

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 16 June and 5 July 2025, the provider notified us about matters relating to staff:child ratios, safeguarding policies and procedures and qualifications, training, support and skills. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 27 June and 11 August 2025, we carried out regulatory telephone calls and in addition, on 30 July 2025 we spoke to the regional business manager and the area manager regarding the notifications. We found the provider was not meeting some of the requirements and had taken action to put this right. Staff have completed training and have a better understanding of how to deploy themselves effectively, to ensure adequate supervision of children at all times.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
