

Compliance action taken for childcare provision

Ref: EY493487/5826111

Date: 17 October 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 11 September 2024, the provider notified us of an incident that occurred in May 2024. Following the arrival of a parent at collection time, their child was able to leave the nursery unsupervised. On this occasion, the provider did not meet their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event within 14 days.

On 17 October 2024, we carried out a regulatory visit. We found the provider was not meeting requirements at the time of the incident but had taken appropriate action to put this right. The provider has reviewed and improved security of the premises. They have reviewed staff practice and ensured all staff fully understand and implement relevant procedures.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
