

## **Compliance action taken for childcare provision**

Ref: EY447931/5991228

Date: 4 July 2025

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 21 March 2025, the provider notified us about matters relating to health, safety and suitability of premises, environment and equipment, organising premises for confidentiality and safeguarding, qualifications, training, support and skills. The notification means that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of a significant event.

On 10 June, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the action below within the timescales set out. The provider will be able to give parents further information about this. Action needed by 27 June 2025:

ensure that risk assessments are used effectively to identify and address hazards that pose a risk to children.

On 04 July 2025, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare action raised at the previous visit. We found that the provider had met the action set in the welfare requirement notice.

The provider has updated risk assessments and has shared these with staff. In addition, all staff have had risk assessment training and are now aware of how to minimise risks to children. We are satisfied the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply

with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
