

Compliance action taken for childcare provision

Ref: 2806103/6068583

Date: 17 September 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 8 July 2025, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 16 September 2025, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions and learning and development actions, raised at their last inspection.

We found that the provider had strengthened arrangements to support children with SEND. The provider has changed the room layouts and resources to enable them to meet children's individual needs. The provider has improved the outdoor area to ensure children are always in sight of adults. Additional head counts have been introduced during key transition times. The provider has implemented nose wiping and hand washing stations to promote the good health and hygiene of children. Staff sit with children at mealtimes and remain vigilant when children are eating. The provider has delivered staff training on the curriculum to develop their knowledge and understanding of what they want to teach children. Clear targets are in place for children.

We are satisfied the provider has met the safeguarding and welfare actions and raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply

with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
