

Compliance action taken for childcare provision

Ref: EY441905/6161454

Date: 7 November 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 24 September 2025, we carried out an inspection and found the provider was not meeting some of these requirements. The provision was graded to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 2 October 2025, the provider temporarily closed the setting to complete some required building works. The provider will be able to give parents further information about this.

Once the provider reopens, we will monitor the provider's response to ensure the actions are successfully completed. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
