

Compliance action taken for childcare provision

Ref: 221578/5887984

Date: 29 November 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 23 November 2024, the provider notified us about a significant incident that happened on 13 November 2024. This relates to the following legal requirement: organising premises for confidentiality and safeguarding.

On 26 November 2024, we carried out a regulatory telephone call. We found the provider was in breach of a legal requirement at the time of the incident but has taken appropriate action to put this right. The provider has completed a thorough investigation into the incident and reviewed their policy and procedures with regards visitors to the setting, to ensure the safety of children. Ofsted are satisfied with the action taken. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
