

Compliance action taken for childcare provision

Ref: 2571064/6092541

Date: 16 July 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 1 July 2025, we received concerns that the provider was not meeting requirements relating to concerns about children's safety and welfare.

On 8 July 2025, we carried out a regulatory telephone call. We found the provider had failed to notify Ofsted of two significant events relating to staff, which is a requirement of their registration. During discussions, the provider accepted and acknowledged this oversight. Furthermore, aside from this, we are satisfied that the provider has handled the concerns appropriately in line with local safeguarding guidance. This has included liaison with the local authority designated officer as required. We are reassured that this helps to keep children safe. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
