Compliance action taken for childcare provision

Ref: EY273595/6060146

Date: 18 June 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 24 April 2025, we received concerns that the provider was not meeting requirements relating to suitable people.

On 4 June 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. For example, they had reviewed their processes and procedures for the recruitment of staff, including completing appropriate checks. They had improved their understanding of the disqualification requirements, including where waivers may be required. They now fully understand their roles and responsibilities with regard to ensuring the suitability of all staff.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
