

Compliance action taken for childcare provision

Ref: EY481771/6252428

Date: 2 January 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, (EYFS) which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 22 December 2025, the provider notified us about matters relating to Changes that must be notified to Ofsted or the relevant childminder agency (CMA) and Staff: child ratios. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of any person who cares for/is in regular contact with children on the premises.

On 15 December 2025, a child was able to go into the toilets without staff realising and they were accidentally locked inside the toilet, for a short period of time. This is a breach of the EYFS requirements as children must be supervised at all times and be within sight and/or hearing. The provider has taken appropriate action and strengthened their risk assessment process and removed the lock from outside of toilet door to prevent a similar occurrence from happening again. In addition, a replacement door is being sourced to make it more child friendly with access on both sides. Appropriate action was taken with staff and further training provided. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
