

## **Compliance action taken for childcare provision**

Ref: EY497201/6132598

Date: 2 September 2025

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 11, 21 and 26 August 2025 the provider notified us about matters relating to safeguarding policies and procedures and health. The notifications mean that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted about matters relating to children's safety and well-being.

On 28 August 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider promptly liaised with safeguarding professionals to keep children safe. Staff received additional training to ensure they understand their role in safeguarding children. The provider reviewed and revised the procedures for the administration of medication to protect children's health. The policy for managing children's dietary needs was also re-evaluated. The provider has subsequently improved the arrangements for mealtimes to ensure the care of children with specific health needs are met. In addition, they have increased the monitoring of staff practice in a range of ways. These include through observations and meetings to ensure staff diligently follow the nursery's revised policies and procedures.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our

responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
