

Compliance action taken for childcare provision

Ref: EY497201/6162110

Date: 10 December 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 24 September 2025, the provider notified us about matters relating to health. On 15 October 2025, the provider notified us about a separate matter relating to safeguarding policies and procedures. The notifications mean that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider to look after children.

On 4 December 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. Leaders have strengthened existing procedures for managing individual children's dietary requirements and ensured all staff have been trained to understand and follow them. Additionally, leaders have improved processes to ensure that staff always check that all food served meets the needs of individual children. These measures help reduce risks and promote children's good health.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
