

Complaint about childcare provision

Ref: 2614915/6270194

Date: 3 February 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 9 January 2026, we received concerns that the provider was not meeting requirements relating to safeguarding policies and procedures.

On 3 February 2026 we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 9 February 2026:

- ensure that children's privacy is fully protected during nappy changing by reinstating and maintaining appropriate privacy measures, while continuing to balance this with effective safeguarding and supervision in line with early years foundation stage requirements

On 13 February 2026, the provider responded to the action set. We found that the provider had improved their knowledge and understanding of child protection procedures. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.
