

Compliance action taken for childcare provision

Ref: 2735050/6093152

Date: 27 August 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 9 July 2025, we carried out an inspection and found the provider was not meeting some of the requirements. The overall effectiveness of the provision was judged to be inadequate. Following the inspection, we served a welfare requirements notice on 21 July 2025. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Action needed by 10 July 2025:

- ensure that all necessary steps are taken to identify and minimise risks to promote children's safety

Actions needed by 15 August 2025:

- provide appropriate support, coaching and training for staff to ensure that they understand and can implement the setting procedures and to improve the quality of teaching
- ensure that all staff understand children's behaviour and that they provide appropriate strategies to support children.

On 16 July 2025, we carried out a welfare requirements notice monitoring call. The focus of the call was to check whether the provider had met the safeguarding and welfare action due by 10 July 2025 raised at their last inspection. We found that the provider had improved the procedures for risk assessment. We are satisfied that the provider has met the safeguarding and welfare action raised.

On 19 August 2025, we carried out a welfare requirements notice monitoring visit. The focus of the visit was to check whether the provider had met the remaining safeguarding and welfare actions due by 15 August 2025, raised at their last inspection. We found that the provider had improved staff knowledge and understanding of how to support children's behaviour. We found that the provider had not met the action for support, coaching and training for staff. We have served another welfare requirements notice. This is a legal notice

that requires the provider to take the action below within the timescale set out. The provider will be able to give parents further information about this.

Action needed by 14 October 2025:

- provide appropriate support, coaching and training for staff to ensure that they understand and can implement the setting procedures and to improve the quality of teaching.

On 21 October 2025, we carried out a welfare requirements notice monitoring visit. The focus of the visit was to check whether the provider had met the remaining safeguarding and welfare action due by 14 October 2025. We found that the provider had improved the procedures for the support, coaching and training for staff. We are satisfied that the provider has met the safeguarding and welfare action raised.

The provider is still registered with Ofsted

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
