

Compliance action taken for childcare provision

Ref: EY454756/5732701

Date: 23 May 2024

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 16 May 2024, the provider notified us that a child managed to leave a gated area during an outdoor session, by crawling through a small gap underneath a gate, unnoticed by staff. The notification means that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of a significant event. The provider will be able to give parents further information about this.

On 20 May 2024, we carried out a regulatory telephone call. We found the provider was not meeting one of the requirements but had taken action to put this right. We found the provider had installed additional fencing to make the outdoor spaces secure. We also found that all staff have received refresher training, including keeping children safe from risks. We are satisfied with the action taken. The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
