

Compliance action taken for childcare provision

Ref: 2527006/5262160

Date: 31 October 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 22 September 2022, the provider notified us of a significant incident. This related to an incident which identified that some staff did not follow the procedures to meet children's individual dietary needs. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted.

On 27 October 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has arranged for staff to have refresher training of the special diet procedure and for the full policy to be reviewed at staff meetings. The provider has also arranged for increased monitoring, by managers of the preparation and serving of food by staff at mealtimes. This has increased staff's knowledge and understanding of how to support children's dietary needs and promote their safety.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
